W. M. Hoyle, who has had quite a
tussle with the "grip" for over a week
past, is able to be out again, much to the
pleasure of his many friends.

John Walters, of Lincoln, carpenter
and old timer in this neck of the woods,
came in Tuesday with the intention of
remaining here permanently.

Jos. Quaid, W. Smith and P. F. Maho-
ney, stone cutters, arrived here the ear-
ly part of the week and are working for
Beet, Schell & Co. on the Hewitt build-
ing.

The Athletic hall has been engaged
for another grand ball on Xmas eve.
The handiest dance programmes ever
gotten up have been ordered for this
occasion.

M. Whiteman and his son Jos. H. of
Roswell have been in town the past
week, on business. They have
shipped to Roswell all the old counters
and fixtures formerly used in their store
here.

On Saturday afternoon, Dec. 12th,
there will be a horse race between
Wm. Baxford's "Frank Bawden" and
John Owen's "Gray Eagle." The stakes
are a span of horses against six cows
and calves.

John L. Zimmerman and wife arrived
here from Roswell last Sunday. Mr.
Zimmerman, who has been in the drug
business at Roswell for some time past,
has moved his stock to this place where
he will re-engage in the business in the
room with the post office, in the new
Watson block.

Gus Schinzing's place was burglarized
early Saturday morning, about 875 be-
ing secured. No one has yet been ar-
rested for the theft and it is evident that
the party who played the "two spot of
diamonds" (Little Casino) so successfully
has covered up his tracks very effectual-
ly. Come, seven!

Dr. Burup, of Roswell, has been here
since Saturday attending to his large
practice in dentistry. He will remain
about ten days longer and can be
found at Dr. Paden's drug store.
The doctor will remove to White Oaks
in the spring, for permanent residence.
He expected to locate here this winter
but owing to the fact that there are no
houses to be had here at this time, he
has deferred his removal and will then
doubtless build a home of his own.

Mr. Frank Dimasio, of the firm of
Dimasio & Pellini, contractors, of Den-
ver, in a letter just received states that
they have completed the work on the
Mining Exchange of that city and that
as soon as they can make their settle-
ments, they will remove their derricks,
steam hoist etc., to White Oaks, and with
a large force of workmen proceed to
open the marble quarries, in which they
are interested, at this place. It is ex-
pected that early in January, operations
toward developing this most valuable
resource of the "marble city" will com-
mence.

PROTECTION FROM FIRE.

The time has come for the people of
this town to make some provision for
the protection of their homes and busi-
nesses from that fearful agent of de-
struction, fire.

Too little attention has been paid to
this matter in the past and the inevita-
ble consequence will be, that when most
needed, there will be no means or facili-
ties at hand, or organized effort to save
a building or mayhap the town in case
of fire. 'Supposing a blaze had started
during those high winds of last week,
what would have been the result and
where would the prosperous town of
White Oaks be to-day? Echo says, in
gasp! No time should be lost and every
man with the interests of the town and
his own at heart should see to it
that a system of fire cisterns be built
at once in convenient localities.

A volunteer fire department should
be organized immediately, the members
to be exempted from taxes the same as
in other places having a volunteer ser-
vice.

The whole cost of providing for this
vital necessity will be trifling when com-
pared to the immense losses to property
and perhaps life, which will certainly
happen sooner or later, if steps are not
taken at once to guard against it.

In addition to the security afforded
through the medium of the proper sys-
tem of protection the reduction in the
insurance rates would be quite an item
for consideration.

White Oaks is growing and growing
fast, and this important matter should
be given heed without further delay. A
stitch in time saves nine. Sabote?

The Christmas Tree.

The Congregational church is making
elaborate preparations for the enjoyment
of the children, and old folks as well, on
Christmas eve.

The following committee has charge
of the tree and distribution of presents:
Mrs. Marshall Parker, Rev. and Mrs.
Hurd and Mr. and Mrs. F. J. Sager.
Owing to recent large expenditures in
providing the Sunday school with a
large and well selected library, the funds
of the school are very nearly exhausted
and the aid of our citizens generally is
requested to assist them in their good
work for the children. It is proposed to
have a bounteously laden Xmas tree, and
every child within a radius of forty miles
of White Oaks, will be remembered.
This will not simply be a Sunday school
affair but the public, everybody, is in-
vited to participate and place their
presents, for whomsoever intended, on the
tree.

Any of the committee named will be
glad to receive donations to assist Santa
Claus in making the children happy.

Delegates Appointed.

At a meeting held on Thursday night
at Judge Hewitt's office, pursuant to the
call issued last week, for the appoint-
ment of delegates to the silver conven-
tion at El Paso, on the 15th, F. J. Sager
was called to the chair and F. G. Raible,
secretary. The following delegates were
appointed and a resolution passed that
those attending the convention shall be
fully authorized to represent the full
delegation:

Jos. Y. Hewitt, Wm. Watson, T. W.
Homan, E. W. Parker, B. H. Dye, Frank
Lloyd, Wm. Caffrey, F. G. Raible, Frank
J. Sager, M. W. Hoyle, Wm. W. Fitzpat-
rick, Robt. L. M. Ross, W. H. Weed, U.
Ozanne and Jones Taliaferro.

Mr. B. F. Gumm is having the old
Wise building remodeled and intend
occupying the same at the end of this
month. The building was at one time
occupied by the post office and was one
of the best houses in town. Let the
good work go on.

Owing to the damage done by stock
to the well in the gulch owned by Mrs.
McPherson, she has caused it to be
fenced in and locked up. The keys are
kept at the home of Al Parker.

Young & Taliaferro, are doing a rush-
ing business, it keeping six of them on
the jump from early morning till late at
night to attend the wants of their custo-
mers.

L. W. Stewart has just received a
handsome line of queensware, chinaware
and Xmas goods. They are well worth
your while to call and inspect them.

Mrs. C. L. Pearson and her sister Miss
Ollie Rice, left Wednesday, Ozanne's
special stage for the railroad. They are
going to Beatrice, Nebraska.

The snow, the snow, the beautiful—ouch,
who threw that brick!

FIGURE-OTHERS.

Work was resumed this week on the
Miguel Otero lode claim. Messrs.
Gumm who are part owners, backed by
a large company of capitalists, propose
to push the development of this prop-
erty for all there is in it. The company
have great faith in the claim and their
hopes are certainly well founded as it
crosses the Old Abe lead. They have
already run in a tunnel about 105 feet.

Always at the Front.

We have received a copy of the
handsomely illustrated prospectus for
1892 issued by the Detroit Free Press.
The achievements of this famous paper
in the past have been great, but if its
promise for the future are to be ful-
filled—and there certainly is no reason
to expect the contrary—The Detroit
Free Press will in 1892 be, as its pub-
lishers confidently claim, the most en-
tertaining and instructive paper pub-
lished, giving additional pleasure to
its thousands of old subscribers and
fresh enjoyment to the many thousand
new ones that its merits deserve. Its
list of contributors for 1892 includes
many of the most famous names in
American literary and public life, and
most of the articles to be published are
of unusual importance and interest, pre-
sented in a splendid array of valuable
features in addition to the inimitable
work done by its own staff of bright
and famous writers.

The publishers of the Free Press
will mail copies of the paper and pros-
pectus to all applicants.

BUENOS!

The management of the Las Vegas &
El Paso short line road have received as-
urances from El Paso that the survey of
the proposed line, from White Oaks to
El Paso, will soon be turned over to the
management by the parties heretofore
holding the same.—Optic.

The Fort Scott carriages works is pre-
paring to ship a carload of buggies to
White Oaks at an early date. The hand-
some buggies recently bought by W.
C. McDonald and U. Ozanne were made
by this company. They are certainly
beauties and well made and serviceable,
as well. As the prices asked are very
low, this large shipment will undoubt-
edly find a very ready sale.

The Star chop house and restaurant
opened up on last Saturday by A. L.
Kiber in the rear of Gus Schinzing's
"Little Casino" supplies a long felt want.
The appointments are first-class in every
respect and as Mr. Kiber is an A. No. 1
cook the success of his venture is
assured.

The White Oaks L. & B. Co. have
taken the contract from Bert Timoney
to remove the frame carpenter shop just
east of Mr. U. Ozanne's house to a lot
next to Capt. Langston's home, where
the building will be entirely remodelled
for residence purposes.

E. W. Parker's coal mine is now be-
ing worked by a large force of men and
the long list of orders, for the black
diamonds, which accumulated during
the shut down are rapidly being filled.

Fat Coughlan, a well known ranch-
man, from Three Rivers, accompanied
by his wife, spent Saturday and Sunday
in town. While here he closed several
big sales of alfalfa and corn.

Chas. F. Cripp, of Georgia, after an ex-
citing contest was elected speaker of the
House of Representatives, on the thirti-
eth ballot.

Heliotropenochet powder for souven-
ir shot bags, just received by Dr. M. G.
Paden.

Honore G. Roper and his surveying
outfit left here last Saturday on the back
trail for Las Vegas.

Some of the new post office fixtures
have arrived. They are way up.

Jewett's 1st and 2nd Addition to White Oaks,

We throw our banner to the breeze and welcome all creation to the future
metropolis of New Mexico. Cranks and moss-backs have said there was nothing
in White Oaks. Our Gold, our Copper, our Marble, our Coal and our Iron,
specimens of which were shown at the El Paso railroad convention and now on
exhibition at the Denver, Colo., Board of Trade, has sent two corps of engineers
into the field to survey the

Denver & El Paso Short Line,

that never would have been thought of but for White Oaks.

Now is the time to buy lots if you want to realize 200 per
cent. on your money in the next 12 months. Only \$50 to \$75 per lot. After
the 1st of January I will ask you double that price.
